

KAHANA — in the lilting tongue of the Hawaiian language, Kahana can mean many things. To best fit the description of the Kahana Reef Condominium, we define it as a destination for "a love affair." Located on Maui's westerly coast, three four-story apartment buildings stretch across the

beaches between Honokahau and historic Lahaina. The overall feeling remains that of Hawaii in a more gentle era, the Maui of yesterday. Sandy beaches with scenic rock formations, a mountain setting, and ocean views of the Islands of Molokai and Lanai. There is yard spacing, off-street

parking, a swimming pool and recreation deck. There are sun decks off the bedrooms . . . and an unparalleled opportunity to live life the way it was as well as the way it is. Come to Maui, the Kahana Reef, and make your Maui "love affair" forever lasting.
